LAKESHORE RESIDENT VICTIM DANGEROUS PRACTICE

NATAL LAFONTAINE DIES FROM FALL WHILE RIDING ON AUTO RUNNING BOARD

Accident Occurred at 1:30 O'Clock Sunday Morning on Beach Roadway Front Clermont Hotel Premises—Died at Bay St. Louis Hospital at 5 O'Clock Same Morning.

Anatole Lafontaine, resident of Lakeshore, died at the King's Daughters Hospital, Bay St. Louis, Sunday morning at 5 o'clock as the result of a fall sustained while he was riding the running board of an automobile, on the beach roadway, front of Clermont Harbor Hotel premises, at 1:30 o'clock that morning.

The automobile was owned and driven by Joseph Lohman, of New Orleans. It was an old Hudson passenger model. In the car at the time were Lohman driving, and Oswald Ladner, resident of New Orleans, and Miss Birdie Dubuison, local resident.

In the rear were Clifford Green and wife of Lakeshore; Leon Lohman, of New Orleans, and Miss Birdie Dubuison, local resident. The party had been attending a Labor-Day week-end dance at the Clermont Harbor pavilion and were returning to a point where friends were parked in a truck on the boulevard on the south side of the hotel premises. Lafontaine jumped on the running board of the car as it pulled out. He was standing towards the rear end of the car and supported his position by grasping that part under the top reached from under the top of the back door.

The car did not crash into the truck, as was first reported, but Lohman, stating he thought he saw an object, suddenly swerved the car in order the clear the obstruction. It is thought that in so doing Lafontaine lost his grip and fell to the hardsurfaced roadway.

His body was picked up. He was unconscious and at once taken to the Bay St. Louis hospital. Here a local physician, gave him the proper attention. It was found he was bruised about the hip, ribs broken and he had sustained a fracture of the skull. He passed away at 5 o'clock.

Charged with Manslaughter
Deputy Sheriff F. J. Bopp learning of the occurrence immediately and arrested Joseph Lohman, driver and owner, with manslaughter. He was given a hearing before Justice of the Peace Leon B. Capdepon, who released him on a \$1500 bond subject to further investigation by the Grand Jury of Circuit Court that will convene next Monday, September 13. Lohman gave a personal surety bond signed by two substantial citizens.

Sheriff's Office Sounds Warning.
"There are entirely too many overcrowded cars traveling hereabouts and the practice of people riding on running boards is going to be stopped. Boys and girls by far indulge in this dangerous practice at a double risk of meeting with accident and possible death and of causing someone else to suffer an accident. We are going to arrest all such persons in future and see that not only a fine is imposed but a jail sentence is meted out as well. "We have had fatalities of this kind to occur lately and it is all unnecessary. The rider and the driver who permits this practice are equally guilty. A life is by far too precious to have it snuffed out unnecessarily because of carelessness and thoughtlessness."

Sheriff Claud Monti is equally emphatic in expressions of his intention of putting a stop to this practice. "A person is putting his or her life in jeopardy," he said, "who rides on the outside of an automobile."

The truck in question was owned by Leo Whitfield, of Picayune, who with his family and other friends had come down from Picayune and the vicinity of Leflore Saturday afternoon to spend the week end, on outdoor pasture. The party had enjoyed a fish fry that evening and while the truck had been parked south of the hotel premises it had been moved during the early morning hours to get away from mosquitoes that seemed to abound in the section from which the party drove away.

Victim Was Well Known.
Anatole Lafontaine, known by his associates as "Natal," was a native of Lakeshore, aged 27 years, and was the husband of Pauline Vallory and father of two children. He was a son of Victor Lafontaine and the late Zoe Garcia. He is also survived by a brother, Forest Lafon-

WHAT AILS THIS SECTION?

An article in The Echo week before last headed, "What Ails This Section?" has attracted attention and brought forth several letters, some signed and others not.

The Biloxi News reproduced the article and Editor Adam of the Pass Christian Tarpon-Beacon, newspaper is kind enough to volunteer a reply to the question. However, he says there is plenty of things wrong with this section, but finds it sufficient to give two answers. He thinks that should suffice for the present.

Here's the editorial in reply to that which appeared in The Sea Coast Echo:

In last week's Sea Coast Echo Mr. Moreau asks editorially why New Orleans visitors to the Coast have been fewer this year than heretofore.

We think we can answer that question. First, Pontchartrain beach has been wonderfully developed in the past year and citizens of New Orleans and vicinity can reach that miniature Coney Island in a very short time. There they can enjoy the same pleasures, with many added attractions free, that they could get on the Coast, and at much less expense.

Another reason, the Bay St. Louis Chamber of Commerce, as ours in Pass Christian has lapsed into innocuous desuetude. Neither body seems to have made any concerted effort to attract visitors here, neither have they made any effort, so far as we know, for entertainment of those visitors who have visited our little cities.

Both Gulfport and Biloxi have active, energetic Chambers of Commerce, all live members, boosting every day. As a consequence both those cities have been teeming with vacationists this summer.

They offer many free diversions to visitors and they advertise, and advertise and keep on advertising, winter and summer. But to do this the cooperation of the entire membership is required. We hope this will, at least, partially answer Mr. Moreau's question. We know there are other reasons, specially in Pass Christian but we believe the two reasons above to be the main ones.

Brother Of Governor Hugh White Attends Bay Rotary Meeting.

Wm. M. White, whose beautiful home is located at East End, Pass Christian, but whose business address is Gulfport, was a visitor to Bay St. Louis Wednesday and as a member of Rotary attended the luncheon-meeting of the Bay Rotary Club Wednesday. Mr. White is the new president of Gulfport Chamber of Commerce and accompanied Secretary B. C. Cox of that organization, who was guest speaker for the occasion.

and, other relatives. He was employed as a laborer and his last job was stripping bark from piling for a firm operating in and around Lakeshore. He was well known and generally popular with all who knew him.

The funeral took place Monday afternoon at 3 o'clock from the late residence at Lakeshore, interment at Lakeshore cemetery in the family burial plot, the Rev. M. J. Costello, pastor St. Claire Church, of Waveland, officiating.

DELEGATE HOME FROM SCOUT MEET

Caroline Griffith Returns From World-Wide Silver Jubilee Camp, New York State.

Scout Caroline Griffith, of Bay St. Louis, delegate-at-large from the Dixie Region, returned Friday evening of last week from Camp Andree, New York State, and was met at the station by an enthusiastic group of local girl scouts and other friends.

The news reel in which Caroline's picture appears, will be shown at the A. & G. Theater Thursday and Friday evenings of this week, September 9 and 10.

A reporter of The Echo sought Caroline after her return from this world-wide gathering and to which she and Bay St. Louis had the distinct honor of being a delegate-at-large, and found her recital of the trip and stay most interesting, particularly to the scout fraternity.

Caroline tells the story in her own words and sequence and is of more than ordinary interest.

"Delegates from twenty-seven countries gathered together at Camp Andree in New York State last month to celebrate the Silver Jubilee Girl Scout camp which was the most wonderful thing imaginable. It was given in memory of Juliette Low, our founder, to bring together the Girl Scouts and Girl Guides all over the world, as Mrs. Low had, so long wanted. The first week before the foreign girls came, was of most importance to us, we discussed many things during that week; the larger girl scouts troop; Golden Eagle pins (which National Headquarters had decided to bring to an end) and uniforms, but the most discussed subject was a national camp for U. S. Girls to be selected as those were for Andree. It was decided on a camp in the middle West where it would be easier for the girls to go and where there could be "pack trips" as our western friends talked so much about, and canoe trips as northern scouts spoke of. We heard more about this camp in the near future.

"When our foreign guests came, we were glad to learn that they had the older girls' troop, called Rangers. We immediately wanted the Rangers, but under a different name, of course.

"The day after the girls came, we had the formal International Welcome, with which we were thrilled when Mrs. Roosevelt honored us by talking to us in our Green Cathedral.

"Our scout friends from over the seas, were the best of sports. Although they did talk different languages among themselves and kept us guessing, they did everything we had planned. There was a lot of trading going on until the council thought the foreigners might be getting tired and couldn't make us understand, but when it was brought up, they were getting a big thrill out of it all. All of the girls could speak English except Valantino, the girl from Rumania. But we were awfully happy when, on our last day at Andree, she said her farewell speech in English, just as well as we could. "We left on the 23rd for Pine Tree Camp near Plymouth, Mass. Mrs. James Starnon, invited us to spend a week at her camp. We all had a lovely time there, with sightseeing trips to Plymouth, Boston and a day's

MRS. GRADY PERKINS TO REVIEW "CHILDREN OF STRANGERS," 21ST.

Death of Mr. J. A. Jenkins Changes Program—Mrs. Jenkins to Have Been Reviewer.

Owing to the sudden death of Mr. John Allen Jenkins, the book review "Man—The Unknown," which was to have been given by Mrs. Jenkins at the Sea Gull, Wednesday, night, has been called off.

In consequence, the review of "Children of Strangers" by Lyle Saxson, which was to have been reviewed by Mrs. Grady Perkins, Tuesday, September 14, at 10 o'clock at Hotel Reed.

Patrons of the library are asked to notify anyone interested, in the change of program.

There will be the usual siver offering.

The library is the recipient of ten books presented by Mrs. Fountaine Martin.

Elsewhere in the Echo is an article written by an appreciative summer visitor, who has found the library fills a great need during her sojourn in the Bay. Let us hope there are many others of the summer colony, as well as year round residents, who have found the library a source of pleasure and instruction.

DUTCH KITCHEN PLACE OF BUSINESS HAS NEW OWNERS

To Be Known in Future As B. & L. Tavern—Famous French Chef in Charge

B. & L. Tavern is the name of the former Dutch Kitchen, located on the Old Spanish Trail, corner Waveland Road, and is at present opened and operating under new management.

M. F. Byrd, well-known Picayune resident and business man, and A. J. Lombardo, also popularly known at Picayune, have purchased the business and a well-known French chef, familiarly known by thousands of people who enjoy good eats, is in charge of the place. Already the place has been thoroughly renovated and remodeled and plans are to further carry out added improvements.

The new management plans to make the place a popular resort for ladies and gentlemen; where one may either enjoy a good dinner, lunch or supper. Or possibly a delicious "bite" at night and refreshment that may be served. Salads, sandwiches and all kinds of delicious and excellently prepared eats may be had at all times, day or night.

The B. & L. Tavern invites the public. They wish everyone to visit the "place of good eats." Advertisement appears elsewhere in this issue of The Echo.

clam roast at the ocean. The foreigners had nothing on most of the Americans, we'd never tasted clams and lobsters, and if it had not been for the New England girls, we would have had an awful time getting into them.

"Our happy days were brought to an end. Our friends left for Europe. We stood on the pier waving until the boat took them from us for a long time. But however long that time shall be, I know, and feel, as do the 75 American girls, that we're friends now, all over the world. And this encampment, given by the Girl Scouts in this country, made that possible. It was as Mrs. Low wanted it to be."

Weekly Letter From Home

THAT boy or girl of yours away at school will appreciate receiving The Sea Coast Echo regularly by mail every week—leaving Bay St. Louis Thursday evening and received while fresh and news is still news.

Sending the copy of The Echo received by the family at home is not satisfactory. It is too frequently delayed, sometimes forgotten and is expensive. The postage alone is more than the cost of The Echo's Special Term Offer.

We will mail a copy of The Sea Coast Echo each week regularly, postage prepaid, to any part of the United States, nine months for One Dollar, payable in advance, the usual subscription term of payment.

This is the best subscription offer yet. The Echo has no complimentary subscriptions and no free copies. High cost of production prohibits this. Send that school subscription today. Thanks.

TO FOSTER AND SUPPORT ATHLETIC ACTIVITIES OF ST. STANISLAUS COLLEGE

Stanislaus Sidelines Club Holds First Meeting for New Year Officers Elected—Starts With Forty Members—Number Expected to be Doubled.

SCHOOL FOOD SHOWER

Aid to Supplement Federal School Lunches Project—Auspices St. Margaret's Daughters.

The public is respectfully invited to attend or contribute if not able to be present at a "food shower," to be given on Wednesday afternoon of next week, at the residence of Mrs. (Mayor) G. Y. Blaize, to be held between the hours of 2 to 5 o'clock. This will be held under auspices of St. Margaret's Daughters aiding the federal project of supplying school lunches at the minimum cost.

St. Margaret's Daughters have enlisted their support to this worthy cause and supplement their aid with that of the government by personally soliciting food donation and assisting in the general work.

The charge per hot lunch is 5 cents, beginning Monday, meals to be served at 124 Keller avenue at the home of the federal operator and supervisor.

Every party contributing food will be entitled to so many lunch tickets, the number depending on the amount of food contributed. These tickets are in turn directed to be given to children of the families designated by the donor. Under this plan the lunches are free. Children without tickets are able to pay the small sum of 5 cents per lunch pay.

This plan is to eliminate free lunches for children whose parents are able to at least pay 5 cents per day. And to supply others free not able to pay.

Children eligible to this federal project lunch room are from the R. W. Webb School, college free parochial school and convent free parochial school. Three schools in all.

Mrs. Blaize makes a special plea and we feel certain no one will fail to respond. A basket of suitable groceries or other supplies of edibles will be thankfully received and put to the maximum of good.

LIPTON CUP RACES GO TO BILOXI NEXT YEAR AS PRIZE WINNER

Mississippi Gulf Coast Club Finishes First in Gulf Association Races at Gulfport—Gains Possession of \$5,000 Trophy and Coveted Right to Hold Meet Next Year.

Gulfport entertained thousands of visitors for the Labor Day Week-end and the annual Lipton Cup races, and for this occasion the new Four-Hundred Thousand-Dollar Recreational Pier was dedicated. It was a great day for Gulfport and it is no wonder thousands of people journeyed from the near-by States to witness the double event.

The Biloxi Yacht Club nosed out the Buccanier Yacht Club of Mobile Monday to win the 18th renewal of the Sir Thomas Lipton cup races.

The Biloxians became the first club in history to lead the regatta from start to finish. A first place in the initial race Saturday gave the Mississippians the lead and points scored by third and fifth places in Sunday's races and a fourth place in the final race Monday kept them there.

The winning club finished the four-race series with a total of 39 points, one more than the Mobile club. In third place with 34 points was the Sarasota, Fla., yacht club, a point ahead of Gulfport. The defending champion, Pensacola, Fla., Biloxi championship.

St. Stanislaus College Sidelines Club was one of the active and potent factors in the success of athletics last year—fostering and promoting every endeavor to further the cause of athletics; for clean and sportsman-like sports. One well remembers the success of the Sidelines Club last year; its co-operation and willingness on every hand to do.

This year it is planned to further this spirit; to carry on to further and greater extent; to make Bay St. Louis a center of school athletics. With this objective the first meeting for the 1937-38 season was held a few evenings ago in the Lounge Room of St. Stanislaus College.

Among the number present were noted R. Terrell Perkins, W. J. Gex, Jr., Ed. J. Arceneaux, Arthur A. Seafide, T. J. Chapin, Norman Renshaw, K. W. Popperden, J. J. Grevemberg, Dr. M. J. Wolfe, Robert L. Camors, Leo G. Ford, Harry C. Glover, Jr., E. F. Fahey, Jr., Brs. Alexis, Gonzaga and Leonard.

Business of the meeting included election of officers. Last year's administrative board was so successful it was but proper and fitting the same heads be re-elected. Accordingly, the following was announced:

R. Terrell Perkins, president; W. J. Gex, Jr., vice president; Edward I. Jones, secretary; E. F. Fahey, Jr., treasurer.

Main subjects of discussion of the evening concerned football field, dues, football schedule and for the general good of the club. Adjournment followed and the party repaired to the college dining room where refreshment was served.

It will be remembered that this organization was started last year, and its membership was approximately forty with which it begins this year, however, there is every indication, as was pointed out, that this number will easily be doubled. Aims of the Sidelines Club should be an incentive for the further development of a community spirit in order to further foster and support local college activities.

The dues are reasonable and entitles members to certain privileges and concessions, that, aside from the spirit and purpose of the organization, makes it well worth while.

Another meeting will be held shortly and it is expected greater developments will be noted. The success for this season of the club is well assured.

AS TO SAVING MONEY.

THE value of a savings account cannot be overestimated. Not only for the amount of money that may be involved but for the principles reflected and for the discipline it gives one as to spending money.

It has been said the average person spends more money foolishly than the right way. Intelligent spending is to be commended. It has manifold virtues.

There is not a man or woman who cannot reason and conclude that if they had only saved a little money now and then how far better off they would be.

A savings if for no other reason gives one a satisfaction and certain feeling of security like nothing else will. It promotes one self respect to greater extent. It means for a certain independence and removes any apprehension that might exist for the inevitable "rainy day."

A quotation says that a fool and his money are soon parted. But one seldom if at any time sees a fool with money. They are separate entities. They are illogical elements.

The moral is: Begin a savings account today. A dime bank is a means of a good start from small beginnings.

To save is to have. To have means for strength and character.

Correct this sentence: "I never trade at home because I get my salary from a mail order house."

NECESSITY OF CO-OPERATION.

OPENING remarks on occasion of dedicatory exercises Gulfport's new four-hundred-thousand-dollar recreational pier Sunday evening by Mayor Milner, master of ceremonies, indicated how necessary co-operation was in order to accomplish the colossal task.

In order, following the invocation by Archbishop Rummel of New Orleans, the speaker introduced heads of various organized bodies, president and members Board of Supervisors Harrison county, members City Commission Gulfport, president and members Dock Board (commission, State and Federal officials WPA, engineers, architects and down a long list, including the Gulfport Chamber of Commerce.

Each and every member of these respective forces did their mite and as well their fullest—all working in common and with the ultimate in mind. All for one and one for all in a definite plan. Co-ordinating every force in that co-operative application of force and time essentially necessary for results.

In the completion and presentation of this magnificent project there is an object for every community and every individual and one that proves itself conclusively.

Any city or town is what its citizens want it to be. Those who bemoan what they term "laxness" are responsible for it.

S. S. C. SIDELINES CLUB.

THE Echo is pleased to note that St. Stanislaus Sidelines Club has again been re-organized for another season and that it will function to that full extent which contributed largely to the local athletic season 1936-37.

Athletics and outdoor sports have claimed a large share in recent years in our daily lives and contributed appreciably to the success for a better understanding between youth and adult, a constructive spirit, to say nothing of body building, cleaner thinking and for more zest and interest in outdoor doings.

Sidelines Club stands for just what the term implies; that members of such club are on the sidelines, not only watching and entertained but contributing whatever force they may possess and to give every encouragement possible born of a greater enthusiasm but as a contributing factor to whatever demands may be found necessary to carry on—for better and bigger things.

Auto accidents kill people every day, but seem to make no impression except upon the dead.

BELONGS TO COAST NEXT YEAR.

Biloxi, on the Mississippi Gulf Coast, originated the governors' boat races that signally scored on Lake Pontchartrain at New Orleans Labor Day. Where two governors sailed craft last season seven participated in this year's event. It is proper and meet that the race of this kind should be returned to the Mississippi Coast next year. New Orleans might borrow our idea for every other year but must not steal our thunder.

WHITE'S A WINNER.

Gov. White of Mississippi was the winner in the Louisiana boat races this season and last year as well. Gov. White is always a winner and Mississippi as well.

CONSPICUOUS FOR ABSENCE.

Bay St. Louis is outstanding in the fact it was one of the few communities that did not have a bathing review, beauty pageant, or some sort of a celebration.

JACKSON DAILIES CONSOLIDATE OWNERSHIP.

THE properties of the Daily Clarion-Ledger and the Jackson Daily News have been purchased by the Mississippi Publishers Corporation and both newspapers in future will be conducted under the same and one ownership, and the Sunday morning Clarion-Ledger will cease to exist. The News will take the place of the morning newspapers heretofore published. The owners of both newspapers have pooled their holdings under one firm name and will operate in future as a whole.

Cost of productions of newspapers, as well as weeklies have well nigh become almost prohibitive. With the constant increase of price of white newspaper and of general overhead, as well as numerous taxes that have been heaped on newspapers it is difficult to continue and the order of the day is retrenchment.

Many of the daily newspapers over the country have consolidated and weeklies suspended. It is no longer possible to run a newspaper unless first equipped with an enormous outlay of money for linotypes and improved automatic machinery that supercedes all old patterns. It requires skilled men to operate this expensive outfit to say nothing of the cost of maintenance, the latter far more considerable than the layman would even suspect.

In a signed statement from publishers of the Jackson News and Clarion-Ledger, the following paragraph appears:

The reasons for this transaction can be tersely stated. Newspapers and other publications throughout the country have had many serious problems to deal with since the beginning of the depression era. Costs of publication have been mounting steadily. Price of newsprint has been rapidly advancing and another increase is due within a few months. Social Security costs are also a serious factor. Operating under the new Mississippi Publishers Corporation, the owners of the two newspapers feel that some economies of operation can be brought about that will enable the two papers to continue their present high standard of service to both subscribers and advertising patrons.

Best wishes for the owners of these two Mississippi outstanding daily newspapers is expressed.

HENDERSON POINT BILLBOARDS.

ATTENTION was called some time since to the unsightly accumulation of non-descript advertising signs at the east terminus of the Bay St. Louis bi-county bridge at Henderson Point, located directly on the Old Spanish Trail.

The sight was anything but favorable. It seemed to be a kind of a dumping ground or free parking space for everybody who believed in a cheap form of advertising—without pay. For it must ever be remembered there are many who believe in advertising but not paying for it.

Recently the premises were taken over by a source in authority and the graveyard of dead signs—dead because by their cheap construction and objectionable appearance they meant nothing and were of no value—was reclaimed and ever 2x4 billboard was consigned to limbo.

In its stead now rises full sized billboards of character. Boards that are representative inasmuch they make for workmanship of both board builders and sign painters and carry a more definite message of meaning.

It is such a contrast over the other that The Echo wishes to register the improvement. Coast newspapers and organized bodies were quick to see the justice of The Echo's complaint and took the matter up in that intelligent manner which called for due process of action.

However, there is lots of room for improvement on the Trail route over at Henderson Point and the hope is expressed this will come in time. The planting of trees, shrubs and hardy ornamental plants would not be amiss. We still contend that while Nature has been lavish to the Coast man has contributed little or nothing.

TAX-PAYING TIMES LESS THAN SIXTY DAYS OFF.

ALL municipal, county and state tax payments for the current year will become payable October 1, 1937, less than 60 days off and it is not amiss to begin thinking and preparing to meet the obligation. The time limit is February 1, after which date damages are added.

On December 1 to January 1 all automobile license plate and assessment taxes are due. This tax is payable only over a period of one month.

Observers of such matters say much of the delinquencies are due to failure or neglect to prepare for such payments. The average person is improvident, says a source. And for this reason much of the serious obligations citizens and property owners are called to pay go by default. Many are unable to meet rental obligations for the same reason.

There is entirely too much foolish spending, surprising by adults who seemingly should know better. The price of folly is inevitable and severe. It threatens one's good name and credit and questions one's good intentions.

The public loses respect and confidence in the man or woman who fails to pay and frequently places one in that category of the dishonest.

Meeting obligations promptly is a badge of honor and respectability, a virtue well worthy of striving for at all times.

SHERIFF'S OFFICE ISSUES WARNING.

WARNING comes from the sheriff's office of Hancock county to the effect all parties caught standing on running boards of automobile while in motion will be subject to arrest. The driver of said car as well for permitting such carelessness and recklessness.

There have been too many fatalities due from this cause and it is time to call a halt say local authorities. Every endeavor will be made for correction and punishment both by fine and imprisonment.

WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

MAX THEY BITE WELL.

(McComb Enterprise)
THESE general rains we are having are had for the cotton, but they are good to keep down fires in the dry woods of South Mississippi. Our timbers make an important just as our cotton does.

The yellow pine of this section is largely a thing of the past, but roots for turpentine extraction are left, by the many-acre, and slash and loblolly pine will serve as our most important raw material, if we take care of them. Masonite will need increasing amounts of these pines, along with other woods timbers, and the extraction of turpentine from roots and stumps has become a widening industry.

Woods fires are like diseases that ravage the human body; they don't always kill outright; sometimes they merely weaken and lay the tree susceptible to insects and blights and high winds. Very frequently, young timber is wounded by a fire; an open sore is left on the side of the trunk, and insects enter, get to the very heart of the tree and finally kill it.

Beside, this, tree growth is retarded by fires, just as human growth is retarded by disease. Any fire wound on a log will show that the growth rings before the fire were twice as big as those after the fire.

RUDYARD KIPLING'S THRILLING SEA STORY 'CAPTAINS COURAGEOUS'

Comes to A. & G. Theater Sunday and Monday—Location Scenes Made On 8,000 Mile Trip On Schooner.

One of the great sea stories of modern literature, Rudyard Kipling's thrilling saga of the Gloucester fishermen, comes to the A. & G. Theater screen Sunday and Monday with Metro-Goldwyn-Mayer's picturization of "Captains Courageous," with Freddie Bartholomew, Spencer Tracy, Lionel Barrymore and Melvyn Douglas in the leading roles.

For the first time in his screen career Freddie Bartholomew plays a wholly American boy, a wide departure from any previous role. As Harvey Cheyne he is the pampered son of a millionaire who has never known the meaning of work and worthwhile effort. Bound for Europe on a super-liner he falls overboard and is picked up by a fishing dory manned by Spencer Tracy, the latter playing the part of Manuel, a Portuguese fisherman. This role, the most colorful that Tracy has yet had, rivals even that of the priest in "San Francisco."

The boy is taken to the fishing schooner "We're Here," captained by Lionel Barrymore as Capt. Disko. His tale of being a millionaire's son is attributed to the shock of having fallen overboard. He is put to work and gradually his regeneration begins. The hardy, honest Gloucester fishermen make a man of him.

Mickey Rooney, teamed with Freddie Bartholomew in "The Devil Is a Sissy," again appears with him in "Captains Courageous" as Dan the captain's son. The large supporting cast playing the schooner's crew includes Charley Grapewin, Jack Larue, John Carradine, Walter Kingsford, Donald Briggs and numerous others.

To insure authenticity of all backgrounds, characterizations and costumes, James B. Connelly, noted writer of Gloucester and New England stories, was signed as technical expert and assistant to John Lee Mahin, who prepared the script. Not the least of the film's features

LETTERS FROM THE PEOPLE

AN APPRECIATION OF THE HANCOCK COUNTY FREE LIBRARY.

Editor Sea Coast Echo:
The first cave man with literary ambitions became an author solely for his own enjoyment. He adorned the walls of his own dwelling so he could feast his eyes on the beauty of his design and remind himself of his brave deeds. His crude pictures of his virile and hearty life were probably not as entertaining or shocking as some of their present day descendants, the current novels. Nevertheless, they were the ancestors of the books which resulted in libraries.

There is a young and flourishing library in this community. Its librarian, a cultured and capable lady, would not attempt to establish relationship with the early Stone Age Founders; yet she, like them, is fostering a literary movement. Its place in the community can be measured by the many instances which have proven the public's love of reading. One particular case, a splendid illustration of genuine interest in literature, is that of an elderly woman who lives near Bay St. Louis. She walks seven miles and back to obtain the new magazines and books. The summer visitors as well as the permanent residents have enjoyed and appreciated the fine selection of books. It is not likely that the majority of library members know that the other factors which contribute to the success of the library are an exceptionally fine Board and financial aid from the city and county.

Apparently, the library members are exceedingly grateful for the opportunity to indulge in the pleasant and profitable pastime of reading. Bay St. Louis can boast of famous authors but their output could not supply the community's demand for literature. If there were no library to furnish the inveterate readers with material, the good citizens would have to revert to the old cave man custom and decorate the walls of their homes with murals. How many could qualify as authors?

Air-Conditioned Sea-Going Yacht Ordered For Texan

An all-steel schooner that will carry an automobile and a light airplane and will have an air-conditioned interior is being constructed at Miami, Florida, for Eugene De Bogory, Dallas, Texas, attorney.

DeBogory said the unique 85-foot craft would cost \$150,000 when completed. He will use it for foreign cruises. With its flush deck construction it will be as seaworthy as the largest ocean liners, he predicted.

The schooner's first cruise, De Bogory said, will be to Houston, Texas, for fitting, after which he will sail for South America.

Catholic Congregation At Lizana Regrets Priest's Departure

From the Catholic congregation at Lizana, Rev. Father Sorin received the following interesting news. Rev. Father Charles Reinelt, S. V. D., left us. His departure was greatly regretted and was demonstrated by a gathering of all demonstrations at his last sermon on August 22.

"He did plenty of good work while here," they wrote from Lizana and he is well thought of. It may be well now to have it remembered that his wonderful zeal was greatly manifested especially last Christmas in having midnight mass there. A capacity attendance of 300 persons filled the church. More than 100 went to Holy Communion. It was the first time that midnight mass had been celebrated in that part of the country.

May Almighty God continue to bless the zealous work of this devoted missionary in his new parish in the City of St. Louis, Missouri.

CAPTAIN C. B. FISHER OF N. O. AND BAY ST. LOUIS SUCCUMBS AT AGE OF 75

Resided Here the Past Ten Years or More and Was Active
In Realty and Other Development—Believed
In Future of Bay St. Louis.

Captain Conrad B. Fisher, of New Orleans, but residing in Bay St. Louis the past ten or twelve years died in that city Monday. He left Bay St. Louis for New Orleans last Thursday morning, accompanied by his physician, Dr. A. P. Smith, as he was a very sick man and it was his desire to return to New Orleans before the cooler season set in. His condition was then considered critical and no time was lost in granting his wish.

Captain Fisher had long been ailing with a troubled heart and the usual complications and it was by the excellent care he received that his life was prolonged.

He was a native of Carrollton section of New Orleans, his father Frederick Fisher who arrived in New Orleans from Germany in 1834. He was aged 75 years and the funeral took place Tuesday afternoon with interment at Carrollton cemetery. He resided at 1136 Eleonore street.

Captain Fisher took an active interest in local politics ever since he moved to Bay St. Louis, both city and county, and was intensely interested in the material progress as a section of the Coast. He backed his faith by the purchase of considerable local real estate and was active in various organizations calculated for the further upbuilding and progress of this section. As a member of the Hancock County Chamber of Commerce he was most active and was a member of the Executive Committee.

Captain Fisher had been acutely ill all summer to the extent he was unable to leave his home, "Cottage-by-the-Sea," on the South Beach.

Mr. Fisher's father was head of the old Carrollton fire department, and when the city replaced volunteer companies with the present pay system, in 1892, Conrad was made a member of the city fire commission. Interested in levee work, he was one of the organizers of the Orleans Levee Board under Governor Blanchard and served as a member for years.

He was a member of the board of New Orleans National Bank, which went out of existence years ago. He was connected with the New Orleans Old Regular organization for most of his life, although he never held political office. Several years ago he joined the Louisiana Democratic office. He was associated with the campaigns of Governor Parker and Broussard and was on the staffs of Governor Fuqua and Leche.

Supplied Men
Mr. Fisher through his interest in flood work, on several occasions supplied men and materials to end crevasses in Jefferson and St. Bernard parishes. He was interested in the old New Orleans trade exposition.

Interment followed final services at the Tharp-Sonthier funeral

ers of Hancock County, Mississippi, petition of Mrs. John F. Hunt for a reduction in the assessment of real property, assessed to the said petitioner, the owner thereof, at the page 146 and line 8 on said 1936-7 Real Roll as shown in said petition, the said reduction being asked on the ground that this property has been erroneously assessed for the reason that the building is practically demolished and unfit for living quarters.

And it appearing to the Board of Supervisors from the evidence, both oral and documentary, offered in support of said application that the circumstances alleged in said petition, as grounds for relief, are true, and that said petition should be granted.

And the Board being fully satisfied that petitioner is entitled to have said assessment reduced, as herein provided, and that the Board should so order.

It is, therefore, ordered by the Board of Supervisors of Hancock County, Mississippi, that the property assessed to the said petitioner be reduced from \$800.00 to \$300.00, being a total reduction in the assessment subject to state taxes of \$500.00 for the year 1937, and in the assessment subject to county taxes of \$500.00 for the year 1937.

It is further ordered, that the Clerk of this Board certify two copies of the order to the State Tax Commission, for its approval or disapproval; and if the foregoing order be approved by the State Tax Commission, the Clerk of this Board is hereby authorized and directed to change the original assessment roll in his office, and the Sheriff and Tax Collector of this county is hereby authorized and directed to change the copy in his possession, to conform with the provisions of this order. And the Sheriff and Tax Collector shall be properly credited with the reduction (if any) herein made.

Be it ordered by the Board that the following amounts be allowed and paid out of the General County Fund, as per bills on file examined and approved, to-wit:

John B. Wheat, attendance 75.00
Calvin Shaw, attendance 75.00
Jack Loft, attendance 75.00
T. E. Keller, attendance 75.00
A. G. Favre, attendance 100.00
Clara Mont, attendance 60.00

Be it ordered by the Board that the Board adjourn until the Board is in course.

Hot Weather is Here— Beware of Biliousness!

Have you ever noticed that in very hot weather your organs of digestion and elimination seem to become torpid or lazy? Your food sour, your gas, causes belching, heartburn, and a feeling of restlessness and irritability. Perhaps you may have sick headache, nausea and distress or hind spells on suddenly rising. Your tongue may be coated, your complexion bilious and your bowel actions sluggish or insufficient.

These are some of the more common symptoms or warnings of biliousness or so-called "torpid liver," so prevalent in hot climates. Don't neglect them. Take Calomel, the improved calomel compound tablets that give you the effects of calomel and salts, combined. You will be delighted with the prompt relief they afford. Trial package ten cents, family pack, twenty-five cents. At drug stores. (Adv.)

HOW MUCH CAN YOU SAY IN 3 MINUTES?

For Example:

Suppose Husband in a distant city calls Wife at home, like this:

He: "Hello, darling."
She: "Hello, George. I'm surely glad to hear your voice. How are you getting on with the 'big deal'?"
He: "Great. It looks like success in capital letters, and I think the deal will be closed tomorrow."
She: "That's fine, dear. But then, I knew you'd do it. Are you staying at the Governor Hotel?"
He: "Yes, and my air-conditioned room is very comfortable. How are the kids? Is Junior's cold better?"
She: "Junior's feeling fine now, and Betty is thrilled over a new red swim suit. When are you coming home?"
He: "I'll leave here tomorrow evening, but if my plans have to be changed, I'll call you."
She: "All right. Wait, Betty and Junior want to say 'hello' if we have time."

Of course, Betty and Junior will have time to say "hello" to dad, for although 120 words have been spoken—many a question and answer conveyed—about FOUR times as many words can be said in an average three-minute telephone conversation.

The pleasure you will get from talking with a friend or relative in another city—the profit you can add to your business—will far outweigh the small cost of a long distance telephone call. Ask the "Long Distance" operator about the call you want to make. The low cost will please you.

BREAKFAST RECEPTION
BY MRS. CHAS. REED AND
MRS. HUBERT DEBEN.

A affair largely attended was that of Friday morning at Hotel Reed when Mrs. Chas. Reed and Mrs. Hubert E. De Ben entertained at a "coffee breakfast" followed by cards in the lounge.

A large table set in center of main dining room was laden with toothsome breakfast conceits—delicious biscuits like the maternal ancestor used to make, dainty sandwiches and whatnots. Mrs. W. J. Gex, Jr., poured coffee at one end of the table with Mrs. F. J. Milhas at the other.

The reception served to meet Mrs. Reed, the charming wife of the new hotel proprietor, who was graciously assisted by Mrs. De Ben.

Later the guests repaired to the lounge where cocktails were served. Seven tables of bridge players waited away the time till the noon hour.

The guest list for this beautiful affair included the following-named: Mrs. Baldwin P. Allen, Mrs. J. C. Buckley, Mrs. J. W. Bryan, Mrs. Wallace Catchings, Mrs. J. S. de Ben, Sr., Mrs. F. J. Clem expresses himself in the most definite and emphatic terms that Bay St. Louis is the one and only place in which to spend a vacation.

—Bay St. Louis Board of School Trustees held its regular monthly meeting Friday night at Central school building, with President James A. Evans presiding. Approving bills for payment and other routine business was transacted. It is encouraging to note the \$23,000 federal fund allotment for the proposed new city colored school building will soon be forthcoming, having been approved and voted. VISITOR TO BAY ST. LOUIS AFTER 40 YEARS ABSENCE

Captain Wade H. Hoffman, Hero of Spanish-American War, Revisits Scene of Young Manhood.

Among prominent visitors to the Bay during the week-end was Captain Wade H. Hoffman, a hero of the Spanish war and later serving with distinction in the World War. The Captain was well known here in the younger circles and was an acknowledged favorite thirty nine years ago.

One of his fondest reminiscences is of the day, when with the company he commanded, enroute to the scene of the Spanish conflict, a train stop was made at the Bay, where the fairest girls and lovely matrons were assembled to greet the young soldiers and wish them God speed. The boys were literally smothered with flowers, candies and lunches. Many eyes were tear bedimmed as the train pulled out.

Capt. Hoffman came to the Bay looking for friends he knew and loved forty years ago. He hastened to a home where he had been a welcome guest and found the house had been razed and the ground incorporated in the college campus, and all the members of the family, with one exception dead.

He continued his search but few of the old circle could be found. Capt. Hoffman has retired from service, and is spending the summer at Biloxi.

RETURNS TO CALIFORNIA.

Mr. Carl Heitzmann, young son of Mr. and Mrs. George Heitzmann residing in Hancock street, left Bay St. Louis Wednesday night after spending the summer with his parents and their family.

Carl has been living in California the past several years where he finds lucrative employment. He is traveling direct to San Francisco where he will locate rather than in Southern California where he has heretofore been engaged. He left New Orleans late Wednesday night on the Argonaut train.
